**Find Articles** Here is a *selected* list of library-provided online indexes that contain citations and possibly full-text articles related to art (Available to VATEch community only). To access these databases from the University Library's homepage (<http://www.lib.vt.edu>) click on the "articles/databases" link.

**Interlibrary Loan** If you want to obtain an article or conference proceeding that the University Libraries do not own, try requesting the item from Interlibrary Loan/ILLIAD <http://www.ill.vt.edu>. You can request many other types of items not owned by the University Libraries, including books, videos, and thesis/dissertations.

- **Art Full Text:** Citations back to 1984, with full text as far back as 1997. Subjects include antiques, archaeology, architecture & architectural history, art history, contemporary art, costume, crafts, decorative arts, folk art, graphic arts, industrial design, installation art, interior design, landscape architecture, motion pictures, museology, non-western art, painting, photography, pottery, sculpture, television, textiles, video art, etc.
- **CSA Illumina – Arts & Humanities Database Search:** CSA Illumina allows searching across the following databases – *Art Bibliographies Modern*, *Avery Index to Architectural Periodicals*, *Design and Applied Arts Index*, and *Bibliography of the History of Art*. These databases may also be searched individually. For articles on artists' books in particular:
  - **ARTbibliographies Modern (ABM)** provides full abstracts of journal articles, books, essays, exhibition catalogs, PhD dissertations, and exhibition reviews on all forms of modern and contemporary art, with more than 13,000 new entries being added each year. Entries date back as far as the late 1960s. ABM is the premier source of information on modern and contemporary arts dating from the late 19th century onwards, including photography since its invention. It includes abstracts of English and foreign-language material on famous and lesser-known artists, movements, and trends.

- The **Bibliography of the History of Art (BHA)** covers the current international literature on the history of art. BHA surveys the visual arts and material culture from late antiquity to the present. Included are both the fine arts (architecture, sculpture, painting, drawing and prints) and decorative and applied arts (popular art, folk art). BHA indexes and abstracts 1,400 journals, as well as books, conference proceedings, essays, exhibition catalogues, selected art dealers' catalogues, doctoral dissertations and microform publications. Abstracts are in either French or English and the thesaurus for data from 1990 is in both languages. BHA incorporates the complete contents of International Repertory of the Literature of Art (RILA) and Repertoire d'Art et d'Archeologie (RAA).
- The **Design and Applied Arts Index (DAAI)** contains over 130,000 annotated references from more than 500 design and craft journals and newspapers published from 1973 onwards, and data on over 50,000 designers, craftspeople, studios, workshops, firms etc., making it the largest index of its kind in the world. Research articles are covered, along with topical news items, conference and seminar reports, and book, video and exhibition reviews.
- **Index to 19<sup>th</sup> Century Art Periodicals:** Indexes art periodicals published in the United States during the 19th century. Since entire journal contents are indexed - articles, art notes, illustrations, stories, poems, and advertisements - the index is a source of information on popular culture and industry, as well as artists and illustrators, painting, sculpture, drawing, photography, architecture and design, exhibitions and sales, decoration, and collecting.
- **Grove (Dictionary of) Art Online:** Offers over 45,000 full-text signed articles on a vast range of visual arts and architecture topics from prehistory through the present. (Also available in print: N6847 G758 2000 ART/ARCH REF)
- **JSTOR:** Archive of complete digitized runs of core scholarly journals, starting with the very first issues, some dating as far back as the 1600s. The most recent issues are not available, typically, until a few years following publication.
- **Project Muse:** The John Hopkins University Press electronic journal publishing project. Access is provided to the full-text of journals in the arts, humanities, social sciences and mathematics.
