

International Statistics Sources on Microfiche and Microfilm

Microforms # 8

UNIVERSITY LIBRARIES

082702/BDO-lji

Congressional Information Service Statistical Collections (Microfiche)

Collection is found in the Microfiche cabinets labeled IIS.

Print Indexes

- *Index to International Statistics: A Guide to the Statistical Publications of International Governmental Organizations (IIS)*. Call Number: Z7552 I52 Reference Room

Online Index

- *LexisNexis Statistical*. Online version of the ASI, SRI and IIS indexes. The full-text of many statistical tables are also available in the online version.

The collection is arranged in microfiche drawers by record number/accession number. When using the print version of the index add the last two digits of the year of the index before the accession number.

Current National Statistical Compendiums (Microfiche)

This microfiche collection reproduces publications containing summary data for individual countries. One serial publication containing social, economic, and demographic data produced by the national government of each country is filmed. Content and format varies by country.

Publications for individual countries are cataloged separately. Holdings may be found on Addison by searching the title of the country's statistical publication found in the index or by subject: [country]- statistics-periodicals, e.g. Japan-statistics-periodicals.

Index: *Current National Statistical Compendiums*. Call Number: Z7551 C8 Reference Room

International Population Census Publications (Microfilm)

This microfilm collection reproduces documents published by national population censuses and demographic studies or other surveys for countries which lack formal and/or regular population censuses.

Publications for individual countries are cataloged separately. Holdings may be found on Addison by searching the title International Population Census Publications, the title of the country's statistical publication found in the index, or by subject: [country]- census. The library does not own every item listed in the indexes.
