[Population Schedules for Virginia]

Call Number: HA682 A45 [date] (Microfilm)

The census schedules are the sheets completed by census takers as they moved from house to house of a county every ten years. These are based on the answers to a set of questions asked of each household.

A reference guide to the census schedules available at the University Libraries is available online at <http://www.lib.vt.edu/subjects/govd/vacensuschedules.htm>. Information for using the 1930 schedules is also available from the National Archives and Records Administration at <http://1930census.archives.gov/>.

Additional information on doing genealogical research on Virginia families is found in *Local History and Genealogical Research in the University Libraries*, a handout available from the Reference Desk.
